#### Tour description:

As far as cycle touring destinations in Europe go there are few better than the Moselle and Saar River valleys in Germany. In a word it is a "stunning" region highlighted by an enchanting countryside, fairy tale castles, award-winning vineyards on impossibly steep slopes and historic medieval towns and villages. The Rhine's peaceful little sisters, the Moselle and Saar Rivers as they meander from picturesque village to village, offer unsurpassed views of castles high on the hills, stone-clad fortresses, picture perfect wineries and much, much more. On a day to day basis as you cycle through this magical region you will visit culturally rich cities, will soak up the

sights of untouched nature, will meet local winegrowers and bottlers and, importantly, will get the opportunity to relive the rich history of the region. It is without doubt a cycle tour not to be missed!

The history of the region along the banks of the Moselle and Saar Rivers dates back to the Roman Era, some 2000 or so years ago. For guests on a bike and barge tour on board the MS Patria there is much to see... beautiful timbered houses dating back to medieval times, vineyards, the Porta Nigra, built by the Romans in Trier and the oldest defensive structure in Germany, the "German corner" at the junction of the Moselle and Rhine Rivers in Koblenz and Saarburg, widely referred to as "Little Venice" are just a few of the highlights of this memorable trip.

The Moselle, with a length of 544 km, is the Rhine's longest tributary and is also the second most important shipping route in Germany, while the Saar, with a length of 246 km, is the Moselle's longest tributary. This tour is perfect for families with children or for anyone of any age for that matter as the cycle paths along the banks of the Moselle and Saar Rivers do not have any gradients of note and are asphalted or paved. Your floating hotel for the duration of the tour will be the MS Patria, a much loved ship for bike-boat holidays for many years.

The journey along the Moselle and Saar Rivers takes you from Koblenz to Saarburg, with the return trip taking place the following week from Saarburg back to Koblenz. On various dates the MS Patria also sails along the Rhine and Neckar Rivers from Koblenz to Bad Wimpfen and return a week later. Highlights of both tours include the fascinating cities of Heidelberg, Worms and Mainz and much more. It is therefore possible to combine both tours to create a particularly diverse 14-day bike-boat holiday.

#### MS Patria:

On the Moselle and Saar Rivers by Bike & Barge Tour the 68 metre-long MS Patria, which is capable of accommodating a maximum of 68 guests, is your sailing home away from home for the week. The MS Patria has been modernized to cater for boat and bike tours and in total has 34 twin cabins on upper and lower decks. All the cabins have two single beds in a right angle and are approx. 7 M<sup>2</sup>, have a window (the windows on the upper deck can be opened, but for safety reasons those on the lower deck are fixed), a shower and a toilet. All the cabins on the lower deck also have individually regulated air conditioning as does the restaurant and salon. In total there are 15 cabins on the lower deck and 19 cabins on the upper deck (supplement). The MS Patria is an authentic river barge and features a nice salon with a bar and large windows in front of the top deck and a separate restaurant on the lower deck. On the partially covered sun deck there are sitting places (tables and chairs) for all guests and a cycle shed. The ship sails under the Dutch Flag and management and sailed in The Netherlands for many years. Since 2011 the MS Patria has been sailing exclusively in Germany and is a very popular ship for boat & bike tours. Language on board: German and English.
