For the duration of the tour you will live and travel on board your floating hotel, the barge MS Gandalf which caters for a maximum of 22 guests. The MS Gandalf has been a very popular ship for boat and bike tours for many years and is sure not to disappoint.

MS Gandalf

The small and comfortable passenger barge MS Gandalf caters for a maximum of 22 guests and has been on this beautiful and very beloved tour for a number of years. The barge has 10 twin cabins (ca. 8 M²) - with en-suite shower and toilet, 2 low beds and central heating; all cabins portholes can be opened. The salon, which doubles as your restaurant area, is similar to a comfortable living room and is for common at all times. There are two sun decks on the approx. 45 metre-long ship that have sitting areas with tables and chairs and storage room for the bikes. The MS Gandalf is also equipped with a double-roof of solar panels, with the electrical systems of the barge running for the greater part of the time on green energy! This is not only environmentally friendly, but also comfortable for guests as the ship rarely needs to use a generator to produce electricity meaning the nights are still and quiet on board. The popular barge has been sailing in Holland and Belgium for many years. Skipper Hans Petrus and his experienced crew offer you an exceptional vacation on board!
