Tour description:

The Czech Republic, the small country in the heart of Europe, impresses with its original river landscapes, picturesque villages and romantic castles, whose history and architecture can often be traced back to the Middle Ages.

Prague, known also as "the Golden City" and "the City of a Hundred Spires", is both point of departure and final destination for this beautiful bike and barge tour along the Upper Moldau, in Czech called Vltava, and the huge Elbe River - when the bridges of the Vltava River are ablaze with sunlight and the spires of the castle sparkle in the light, then it becomes obvious that Prague has its nickname "Golden City" with good reason! Multifaceted and unique, modern and at the same time aware of tradition - discover one of Europe's most beautiful metropolis with its Old Town listed as UNESCO World Heritage Site. The MS FLORENTINA moors close to the

Charles Bridge and is therefore an ideal springboard for exploring this gorgeous city - the marvellously restored Market Place, the busy Wencelsas Square or the Jewish quarter are waiting for you. And you will not be missing out on good food - beer and roast pork with dumplings, just to name one of the many specialities - when you are on the move with your bike do not miss to have a break and quench your thirst with a original Czech amber nectar.
